

OrganoTex®

BioCare Sport Textile Wash

500 ml, Article No. 102391, EAN code 7350064221129

- 🌿 **Mild detergent for functional garments**
- 🌿 **Maintains the factory-applied treatment (DWR*) longer**
- 🌿 **Readily biodegradable and highly biobased**
- 🌿 **Swedish innovation, made in Sweden**

Biodegradable, mild detergent for functional materials. Maintains the factory-applied treatment (DWR*) longer and leaves no residue that can impair the garment's breathability and water repellent function. Suitable for shell garments, padded ski clothing, rainwear, outdoor gear made from synthetic materials, fleece garments, backpacks, etc. Also works in cold water and can therefore be taken on a hiking trip. Once the factory-applied treatment has been washed out or worn off and the water no longer beads off the outer fabric, reproofing with OrganoTex® Wash-In or Spray-On is recommended where necessary. If you take care of your functional garments and gadgets, they will last longer.

*The factory-applied treatment of an outer fabric is often called DWR, which stands for Durable Water Repellent.

HOW TO USE:

- 1) Shake the bottle. Make sure the detergent compartment is clean.
- 2) Pour 30 ml (for soft water) or 40 ml (for hard water) into the detergent compartment for up to 3 garments or 4–5 kg of laundry. Do not use fabric softener.
- 3) Wash the garment at the temperature specified in the washing instructions.
- 4) Dry according to the garment's washing instructions.

For hand washing: Add about 20 ml for 10 litres of water. Immerse and allow to soak for a while, then rinse thoroughly. Also works in cold water.

CONTENTS

15–30% soap, 5–15% non-ionic surfactants, 1–5% anionic surfactants, <1% preservatives (2-phenoxyethanol), enzymes.

OrganoTex®

The product is readily biodegradable, highly concentrated, highly biobased and PFAS-free. Classified as non-harmful to health or the environment in accordance with the CLP Regulation.

VOLUME	500 ml.
COVERAGE	Serves for about 15 washes
SHELF LIFE	24 months, opened packaging
RECYCLING	Sorted as plastic (rPET bottle)
STORAGE	Frost-free, out of reach of children
MANUFACTURER	OrganoClick AB, organoclick.com
CONTACT	organotex@organoclick.com
